## The Railroad Bids.

Today it was expected that the Government would have given their decision respecting the bids for the construction of the Panama-Chiriqui railroad, and the rumor was out this afternoon that all of the bids had been rejected, while another rumor gives the report that the contract was awarded to Mr. Hebard for \$9,750,000, as his bid was the most explicit and offered better conditions for constructing the railroad, but we have been unable to ascertain whether this is correct.

## The Diaz Case.

Extradition Not Yet Granted.

Panama Government Must First Prove Charges.

It is now nearly two months since Rafael Vicente Diaz, a Colombian lawyer, was arrested in Jamaica at the instance of the Panama Government on a charge of embezzlement and his extradition requested. The case against Diaz came up before the Jamaica courts for trial before the extradition could be granted and after various remands, was again brought up on the 4th instant when it was further postponed for another fortnight to allow the Panamanian Consul in that island to cable to his Government to obtain one of the clerks of the Panama Banking Company to go over to Jamaica to testify in the case.

Mr. Simpson, who is defending Diaz, applied to the court for payment of the boarding expenses of his client, and after some arguments the Panamanian Consul agreed to pay four pounds for his boarding during two weeks, this amount the Consul will pay out of his pocket and not as a charge to the government of his country.

It is likely that the Panama Government will send the bank clerk to Jamaica to prove the case against Diaz in order to obtain his extradition which will take about two weeks more.

## Another Daily Paper.

It is stated that another daily paper will shortly be started in this city to be published entirely in English and circulated at five o'clock in the morning. This paper is to be edited and published at the offices of the "Panama Journal" and will be called "The Morning Journal," and will be carried on by Mr. Haskins, who is now the editor of the "Canal Record," for which purpose he has already tendered his resignation to the Isthmian Canal Commission, to take effect on the 30th instant. We wish the new daily every success.

## Flower Service.

A flower service was held at the St. Paul's Church in this city yesterday when the Sabbath School teachers furnished an excellent supply of natural and artificial flowers. The service was conducted by Chaplain H. A. Brown, rector of St. Paul's church, who preached a very interesting sermon on how to take care of flowers to a very large gathering of children and their parents. Miss Mabel Piert, who had charge of the decorations, executed her work with excellent taste and deserves credit for the manner in which everything was arranged.

## Local

### Information

#### Chilian Immigrants.

It has been asserted that 80 Chilian immigrants have arrived by the steamer "Urbamba" as contract laborers to work on the canal and that there is a contract to supply 800 more of these laborers to the Isthmian Canal Commission within a short time.

#### Found

Last night a gold bracelet was found in the Cathedral Park and delivered over to the Commander of the National Police Force to be delivered to the person who should prove ownership. The bracelet is that of a young lady and has a pendant with the initials C. A. C. engraved thereon.

#### Rumor not true.

There is a persistent rumor about the city that Mr. J. Howard Guinair, a respectable Jamaican resident in this city, who also has charge of important business here, and who went over to Jamaica to attend the Coronation ceremonies in June last was arrested in that Island on a charge which was pending against him for many years. We have investigated this rumor and enquired of many persons who have recently returned from Jamaica as to its credulity, and are now able to state that no such thing has occurred to Mr. Guinair, and that no charge whatsoever, according to our informants, have been pending against him. The reason for the delay of Mr. Guinair is, that he went over to arrange certain business matters whilst taking a vacation, and this he has been unable to conclude before now, but he will leave Jamaica on Saturday 16th instant for the Isthmus

when he will be personally able to contradict the false rumors which have been circulated against him in this city.

## The Bowling Match

The bowling match announced to have taken place at the Normandie on Saturday night last between the Ancon and Corozal teams did not come off owing to other engagement which many of the members of the teams had to attend to. An interesting match is being arranged to take place on Saturday night next.

## Diplomatic Notes

We regret to state that His Excellency Sir C. C. Mallet, British Minister to Panama, has been indisposed for some days now, which makes it impossible for him to attend to the duties of his office, but we trust that he will soon be better.

## The electric tramways

We are pleased to state that by the last mail which arrived from the States news was received that everything has been fixed and an agreement reached between Mr. Cook and the Board of Directors of the new Panama Electric Tramways Company and the mail which will arrive this week will bring definite instructions regarding the time when work will be commenced on the lines. The delay which this work has suffered has been due to the illness of Mr. Young, who represents an important number of the shareholders of the new company, he has been sick with malaria for over three months, but we are informed that he is now quite better and is likely to arrive on the Isthmus shortly.

## The Central Theatre

Quite an amusing time was afforded the public last night at the Central Theatre, a big crowd attended the shows and the program was an excellent one, part of which will be repeated by special request to night along with many other interesting films.

## Zone pay day

This week the Canal Zone Government's pay day is running into every section of the canal when the vast army of employees will be obtaining their salaries and the merchants and peddlers are looking over their stock in trade to catch the few dollars which each employee is likely to spend with them. The police are also on the lookout for the lawbreakers who allow themselves to be led away by the Chinese liquor dealers, to draw them up before the inspectors when they will be certain to also leave a few dollars out of their pay at the Municipal treasury.

## The Aurora Theatre

The program for the function of this theatre to-night will be the same as that of last night which will be repeated at the request of the public who highly appreciated it and asked for its repetition. A full house was present last night and showed their appreciation of the program by the request they made.
